North Dakota to Observe *Public Works Week*

BISMARCK, N.D. – North Dakota will observe Public Works Week May 21-27, 2017, to celebrate the contributions of public works professionals to communities throughout the state.

Public Works Week is observed annually to recognize the professionals who manage community water, sewer, public transportation, and refuse removal systems, as well as those who are responsible for maintaining public buildings and grounds.

“We value our communities and the role public works professionals play in keeping them safe and functioning smoothly,” said Chuck Abel, executive secretary for the North Dakota Chapter of the American Public Works Association. “Public works professionals maintain and improve the systems and services vital to a community’s health, safety and comfort.”

For more information about Public Works Week, contact Chuck Abel at 701.328.5207.
