Volume Updated for Oil Spill in Williams County

BISMARCK, N.D. – The North Dakota Department of Health (NDDoH) has been notified of an updated volume for an oil spill in Williams County, which resulted from a leak in a 4-inch diameter steel gathering line operated by Hiland Crude LLC.

The spill occurred on Friday, May 5, about 11 miles northwest of Williston and was reported Thursday, May 6. Following a subsurface investigation, Hiland has updated the volume to 400 barrels of crude oil.

Response and cleanup have been ongoing since the leak was discovered. NDDoH personnel have been on the site and will continue to monitor the investigation and cleanup.

For more information, contact Karl Rockeman, North Dakota Department of Health, at 701.328.5225.
