Clean Water State Revolving Fund Awards Three Loans

BISMARCK, N.D. – The Clean Water State Revolving Fund (CWSRF) Program awarded loans to three North Dakota cities in May and June 2017.

- Lidgerwood - \$100,000 towards a \$220,000 project to finance emergency sewer main repairs to prevent sewage backups.
- Oakes - \$365,000 to finance the relocation of the main lift station to a higher elevation to avoid flooding.
- Wahpeton - \$1,046,000 to finance the reconstruction of storm sewer and sanitary sewer main to ensure sufficient capacity in both systems.

The U.S. Environmental Protection Agency provides part of the funding for the CWSRF Program, which offers below-market interest rate loans to political subdivisions for financing projects authorized under the Clean Water Act. CWSRF programs operate nationwide to provide the funding necessary to maintain and improve the infrastructure that protects our valuable water resources.

For more information, contact David Bergsagel, CWSRF Program, North Dakota Department of Health, at 701.328.5211.
