### **Clean Water State Revolving Fund Loan Will Help Horace Replace Water Meters**

BISMARCK, N.D. – The Clean Water State Revolving Fund (CWSRF) Program awarded a \$422,000 loan to the City of Horace, North Dakota in June 2018. This loan will enable the city to replace its old water meters with new meters capable of being read remotely.

The U.S. Environmental Protection Agency provides part of the funding for the CWSRF Program, which offers below-market interest rate loans to political subdivisions for financing projects authorized under the Clean Water Act. CWSRF programs operate nationwide to provide the funding necessary to maintain and improve the infrastructure that protects our vital water resources.
